Letter from the Chamberlain University President

Dear Chamberlain Graduates,

On behalf of the entire faculty and staff, it is my great pleasure to congratulate each one of you on your graduation. Today's ceremony formally recognizes the culmination of your academic achievements and your commitment to the healthcare profession.

Many thanks to the family and friends who have been your biggest supporters during your time at Chamberlain. We know how invaluable their encouragement has been in furthering your education and reaching your goals and dreams.

We sincerely wish you all the best in your career and want you to be proud of your connection with Chamberlain University. It has been an honor to partner with you on your journey toward becoming an extraordinary healthcare professional. We hope that we have instilled a sense of pride in your profession, a desire for lifelong learning and a commitment to caring along the way.

Congratulations on this tremendous milestone and thank you for your dedication to transforming healthcare in our local and global communities.

Warm regards,

Karen Cox, PhD, RN, FACHE, FAAN

We celebrate this lifetime of caring by four of our own extraordinary nurses.

Our thoughts and heartfelt condolences go out to their family,
loved ones and the Chamberlain community.

Keynote Speaker

Bonnie Barnes, FAAN

Co-Founder, Chief Executive Officer & Board President, The DAISY Foundation

Mark Barnes, FAAN

Co-Founder, Chairman, Patrick's Father, The DAISY Foundation

Bonnie and Mark spent their careers working as advertising and marketing executives. They were retired in 1999 when Mark's son Patrick, age 33, developed the auto-immune disease, Idiopathic Thrombocytopenia Purpura (ITP). The nursing care they experienced during Pat's 8-week hospitalization compelled them to express their gratitude to nurses everywhere for the clinical skill and especially compassionate care nurses provide every day. Therefore, The Barnes's created The DAISY Foundation™ (an acronym for diseases attacking the immune system) and The DAISY Award® for Extraordinary Nurses.

Today, under Bonnie and Mark's leadership, The DAISY Award is celebrated in over 4,900 healthcare facilities and colleges of nursing in all 50 United States plus 28 other countries.

Over 167,000 nurses have been honored, having been nominated by their patients, patient families, and colleagues. The DAISY Award provides healthcare leaders the means to highlight all the “right” going on in their organizations in a way to make tangible the organizations' mission and values. The result is a program that helps drive organizational culture, inspire, and motivate extraordinary nursing, and offset compassion fatigue with compassion satisfaction.

In the academic realm, the Foundation offers colleges and schools of nursing The DAISY Award for Extraordinary Nursing Faculty, a tool for helping retain great faculty and honor the inspiration they have on their students throughout their nursing careers. Finally, among the many benefits offered to DAISY Honorees is the opportunity to apply for grants that fund medical missions of their choice.

In February, 2020, they published the story of their journey from Patrick's bedside to The DAISY Award, paying tribute to the numerous nurses who have guided them over the last 20 years. The book, *Shining the Light on All the Right: Celebrating the Art of Nursing Around the World* is available at www.DAISYfoundation.org/book or on Amazon.

Few persons represent the most special thing about Chamberlain University as completely as Mark and Bonnie Barnes. That special thing is Chamberlain Care, the excellent service we strive to provide each other and to students to help them achieve their goals and reach their dreams.

Mark and Bonnie represent the best of what Chamberlain Care is promoting – extraordinary care, extraordinary nurses. Their work has emphasized the University's mission to educate, empower and embolden diverse healthcare professionals who advance the health of people, families, communities, and nations.

In 2014, Chamberlain University adopted the DAISY award for extraordinary faculty and shortly after that the DAISY award for extraordinary nursing students. Since then, Chamberlain has honored over 104 student and 170 faculty members for their extraordinary work and representation of what it means to be a “DAISY nurse”.

Earlier this month, Dr. Karen Cox granted the Barnes Chamberlain University's very first Doctor of Humane Letters Degree, honoris causa in recognition of their lives and investment in the lives of nurses worldwide.

Nurses' Pledge

“I pledge in the presence of this assembly to practice my profession faithfully. I will do all in my power to maintain and elevate the standard of my profession and will hold in confidence all personal matters committed to my keeping, and all family affairs coming to my knowledge in the practice of my profession. I will devote myself to the welfare of those committed to my care.”

Pins & Academic Dress

The various gowns and hoods preserve the style of their medieval origin and indicate, by color and design, the degree and the institution by which the degree is conferred. Black is the basic color for gowns in the United States. The associate and bachelor's gowns are distinguished by their long, open sleeves; the master's, by its closed, slitted sleeves; and the doctorate, by its full sleeves trimmed with banks of velvet. The velvet on a doctorate gown may be black or a color denoting the field in which the degree is earned. A different cap can also be worn. An eight-sided velvet tam with a shorter, wider tassel depicts the doctorate degree. Academic hoods vary in length according to the degree and are lined with the colors of the institution by which the degree is conferred. The yoke of the hood is edged in a color that indicates the field in which the degree is taken.

SCHOLARSHIP FUND

Empower Scholarship Fund Award

A blue and green cord worn over the neck is recognition of a recipient who has shown academic achievement and a dedicated desire to succeed. The cords represent commitment and perseverance in overcoming obstacles on the path to completing their degree. A minimum grade point average of 3.0 or higher must have been maintained to receive this scholarship award. The Empower Scholarship Fund Board of Directors and donors send their sincere congratulations to these remarkable graduates, and wish them continued success in their future endeavors.

The History of Chamberlain University

The Deaconess tradition began in 19th century Europe. Theodore Fliedner of Kaiserswerth, Germany, established the first Deaconess Home and Hospital in 1836. The word deaconess means “one who is devoted to service.” Young, unmarried women were invited to join in the Deaconess Sisterhood to assist Fliedner with his mission. In 1851, Florence Nightingale, the founder of modern nursing, spent three months in Kaiserswerth training as a nurse for the sick.

In 1889, an Evangelical pastor concerned about the lack of healthcare in the St. Louis area proposed establishing healthcare services based on the Kaiserswerth model. On March 18, 1889, 60 men and 10 women became the first members of the Evangelical Deaconess Society of St. Louis.

The first Deaconess Home and Hospital was established near Union Station in 1889.

The following year, the School for Deaconesses was founded. Within a short period of time, the school established itself as a leader in nursing education. More than 500 Deaconess Sisters were consecrated to lifelong service.

In 1943, Deaconess School of Nursing began admitting lay students. By retaining the quality of care associated with the Deaconess Sisters, these registered nurses have gone on to hold prestigious positions both locally and nationally.

In 1983, Deaconess transitioned from a school of nursing to a college and began offering a Bachelor of Science in Nursing (BSN) degree. The Associate Degree in Nursing program designed for Licensed Practical Nurses (LPNs) graduated its first class in December 1990.

At the start of the 21st century, Deaconess College of Nursing entered the world of online education. In the fall of 2000, a new option was initiated to allow registered nurses to earn their bachelor’s degree through online courses. In 2001, the College received approval to establish an online option for LPNs to earn an associate degree.

In March 2005, Adtalem Global Education acquired Deaconess. A term of the acquisition agreement required Adtalem to change the name of the school. The chosen name, Chamberlain, is derived from the Middle English word “chamberlein,” which means “chief steward” – in recognition of the critical role of the nurse as the central steward and coordinator of patient care and the faculty and staff of Chamberlain College of Nursing as the chief stewards of their students’ education.

Chamberlain College of Nursing continues to innovate and expand nursing education. In 2009, Chamberlain began offering the Master of Science in Nursing (MSN) degree program, and, in 2013, began offering the Doctor of Nursing Practice (DNP) degree program, helping nursing professionals advance their education and enhance their nursing careers. Graduate certificate programs in Nursing Education and Nursing Informatics were launched in 2012.

In 2017, Chamberlain broadened its reach in healthcare education through the establishment of Chamberlain University and the launch of a Master of Public Health (MPH) degree program within a new College of Health Professions. And, in 2019, Chamberlain, began offering the Master of Science in Social Works (MSW) degree program further expanding the new College of Health Professions.

Chamberlain University builds upon the legacy of Deaconess and Chamberlain College of Nursing and fulfills a vision of extending the organization's mission to educate, empower and embolden diverse healthcare professionals who advance the health of people, families, communities and nations.

*“I think it important the Committee should bear
in mind to raise the standard, year by year.”*

Chamberlain University Degree Programs & Options

College of Nursing

For more than 130 years, Chamberlain University's College of Nursing has been at the forefront of excellence in nursing education. With over 20 campuses nationwide and online nursing programs, we strive to prepare clinically proficient nursing professionals while fostering personal growth, career mobility, community service and leadership. At Chamberlain, we are personally invested in the success of our students and their nursing careers.

Undergraduate – Pre-Licensure Nursing Program

Bachelor of Science in Nursing Degree

The Bachelor of Science in Nursing (BSN) degree program is a three-year*, full-time program offered on-site. This program incorporates general education and nursing coursework in a program of study that provides the knowledge and skills necessary for a lifetime of professional and personal growth. The emphasis on clinical experience, supported by theory from nursing and related disciplines, is the hallmark of the BSN curriculum at Chamberlain. Theoretical and clinical nursing courses, nursing research and cultural-diversity courses provide the professional education base for this degree. The BSN program consists of a minimum of 122** credit hours: 56 general education credits and 66 nursing major credits**.

Post-Licensure Options

RN to BSN Option

Chamberlain's RN to BSN option allows registered nurses nationwide to advance their careers by earning a BSN degree online in as few as three semesters***. The program offers the flexibility of online learning, a focus on core concepts applicable to professional nurses and respect for previous work experience – all of which are important to nurses focused on advancing their careers while continuing to treat patients and do the work they love.

RN-BSN to MSN Option

In the RN-BSN to MSN option, eligible RN students completing their BSN degree at Chamberlain may apply for admission to the MSN program prior to completing their BSN degree. Students are able to complete their BSN degree while enrolled in the MSN program by taking selected MSN courses in place of two required BSN nursing courses. The MSN courses offer more focused, higher level content than the corresponding BSN courses. Students opting for this dual enrollment have the option at any time of completing the final two courses in the BSN curriculum and exiting the program with a BSN degree.

NOTE: Program/program option availability varies by state/location.

* The on-site Bachelor of Science in Nursing (BSN) degree program can be completed in three years of year-round study instead of the typical four years with summers off.

** 126 credit hours (56 general education; 70 nursing) for students attending a California campus.

*** With year-round, full-time enrollment.

Chamberlain University Degree Programs & Options

Post-Licensure & Graduate Programs

Master of Science in Nursing Degree

The Master of Science in Nursing (MSN) degree program is a post-baccalaureate professional degree program designed to prepare nurses for expanding their roles in healthcare and enhancing opportunities for professional advancement. The minimum number of credit hours required to graduate and earn a Master of Science in Nursing degree is 36 semester credit hours. Students select one of nine specialty tracks: Adult-Gerontology Acute Care Nurse Practitioner, Adult-Gerontology Primary Care Nurse Practitioner, Family Nurse Practitioner, Healthcare Policy, Nurse Educator, Nurse Executive, Nursing Informatics, Population Health and Psychiatric-Mental Health Nurse Practitioner.

Nursing Certificates

Chamberlain Nursing Certificate Programs are designed to provide a pathway into beginning advanced practice for nurses who already have a baccalaureate degree. In addition, they provide a pathway into new areas of specialization for nurses who already have a master's degree in nursing. Chamberlain Certificate Programs are responsive to the call for nurses to be prepared in content areas critical to the future of the profession. Students in the Post-Baccalaureate Leadership Foundations Certificate program choose to complete courses currently provided in Chamberlain's Master of Science in Nursing (MSN) degree program. Students in Chamberlain's Graduate Certificate programs may choose from six areas of specialization, including: Family Nurse Practitioner (FNP), Healthcare Policy, Nursing Education, Nursing Informatics, Nursing Leadership and Population Health. These students would complete the corresponding specialty track courses currently provided in the MSN degree program. National certification exams are available to graduates in select specialties. Some certificate programs are available with or without a practicum.

Doctor of Nursing Practice Degree

Chamberlain's Doctor of Nursing Practice (DNP) degree program is practice focused to prepare graduates to analyze, synthesize and apply scientific reasoning at the highest levels to evaluate, plan, design, implement, evaluate and improve care and outcomes. DNP graduates are prepared to lead teams of intra- and inter-professional colleagues, care for vulnerable, culturally-diverse populations and assume the role of a transformational leader in a complex healthcare delivery system.

NOTE: Program/program option availability varies by state/location.

Chamberlain University Degree Programs & Options

College of Health Professions

Master of Public Health (MPH) Degree

The MPH degree program is a generalist graduate degree designed to prepare graduates to become public health practitioners who work with communities and populations throughout the world to promote healthy living and prevent community health problems such as disease, poverty, health access disparities and violence. The coursework is interdisciplinary and draws on systems thinking knowledge and skills from a variety of disciplines.

Public Health Certificate Program

Chamberlain Public Health Certificate Program is designed for individuals with a Bachelor's degree who are interested in acquiring a specialized set of skills or continuing a graduate education. The coursework for the Post-Baccalaureate Certificate in Public Health Generalist can be a means for individuals employed in the field of public health to continue their professional educational needs or can act as a bridge to a graduate program.

Master of Social Work (MSW) Degree

The Master of Social Work (MSW) degree program is designed to prepare students for specialized practice as an advanced generalist, adapting and extending social work competencies with specific populations, problem areas, methods of intervention and perspectives or approaches to practice. The degree program prepares students with a passion for advancing human rights and social, economic, and environmental justice to be agents of social change in their communities and throughout the world. Our culturally responsive curriculum prepares graduates to work with individuals, families, groups, organizations, and communities in the context of healthcare, mental health and support services.

MSW students may pursue one of two options: the Traditional Option for students who have completed a baccalaureate degree in a field other than social work and the Advanced Standing Option for students who have completed a baccalaureate degree in social work from a CSWE accredited program. Students enrolled in either option may also choose to complete a track as part of their program.

Leadership & Administration

Karen Cox, PhD, RN, FACHE, FAAN

President, Chamberlain University

Dr. Karen Cox was appointed President of Chamberlain University in 2018. She is responsible for managing all undergraduate and graduate programs, which includes over 20 campuses, as well as online programs.

Prior to joining Chamberlain, Dr. Cox served as Executive Vice President and Chief Operating Officer of Children's Mercy – Kansas City, an independent, academic medical center. Dr. Cox led the organization to receive Magnet designation by The American Nurses Credentialing Center, becoming the first hospital in Missouri and the region in 2003 to receive such recognition when she was Senior Vice President for Patient Care Services and Chief Nursing Officer. Children's Mercy is one of only 25 organizations in the world to receive Magnet designation five times. Dr. Cox started her healthcare career as a licensed practical nurse.

Previously, she was elected to the American Hospital Association, Section on Maternal and Child Health Governing Council (2013-2016) and was appointed to the Children's Hospital Association, Child Health Committee (2013-2017). Dr. Cox was named a Fellow in the Robert Wood Johnson Executive Nurse Fellowship Program (1999-2002) and was appointed to a term on the National Advisory Council on Nurse Education and Practice, U.S. Health and Human Services (2006-2011). She also served as board chair of the National Initiative for Children's Health Quality, as board member and chair of the Health Care Foundation of Greater Kansas City board of directors (2009-2015) and was an inaugural member of the National League of Nursing Foundation Advisory Council.

Dr. Cox has contributed articles to publications including *Nursing Outlook*, *Modern Healthcare*, *American Journal of Nursing*, *Nursing Economics*, *Seminars for Nurse Managers*, *Journal of Nursing Administration*, *Nursing Leadership Forum*, *Nursing Administration Quarterly* and *Journal of Public Health Nursing*.

Dr. Cox is also the immediate past president of the American Academy of Nursing and a Fellow in the American College of Health Care Executives. She holds an associate degree in nursing from Excelsior College, a bachelor's in nursing degree from the University of Kansas and a master's and PhD in nursing from the University of Missouri – Kansas City.

Leadership & Administration

Carla D. Sanderson, PhD, RN

Provost, Chamberlain University

Carla Sanderson is the provost and chief academic officer at Chamberlain University and is responsible for the creation and implementation of the academic priorities, working closely with the academic deans, academic support services, faculty and staff to provide the highest possible quality of educational programs. To her role, Sanderson brings more than 35 years of experience in healthcare and education, and serves as a board member and committee chair in the healthcare, higher education, regulation, public policy and leadership development fields.

Previously, Sanderson served as the vice president of institutional effectiveness and professional regulation and was responsible for federal requirements through regional accreditation and for nursing educational standards through programmatic accreditation.

Sanderson is committed to service and education and has served on the board for the Southern Association of Colleges and Schools (SACS). In addition to speaking and advising nationally and internationally on leadership, healthcare and higher education topics, Sanderson has also volunteered her time by presenting an accreditation workshop through a U.S. Agency in International Development initiative in Erbil, Iraq, and has participated in leadership development of women and minorities.

Sanderson earned her PhD in nursing science from University of Florida, a Master of Science in Nursing (MSN) degree from the University of Tennessee, a Bachelor of Science in Nursing (BSN) degree from Union University and a diploma in nursing from Baptist College for the Health Sciences. CHAMBERLAIN UNIVERSITY ALUMNI ASSOCIATION

Dear Chamberlain Graduates,

Congratulations! Today marks the culmination of a tremendous amount of individual sacrifice and hard work that has brought you to this milestone – graduation.

Throughout your journey at Chamberlain, we have been committed to **Chamberlain Care**[®] – our dedication to providing you with the tools and resources to be successful, to prepare you to thrive as a member of the healthcare system of the future. We now encourage you to take the skills, knowledge and compassion that you learned to positively impact the lives that you touch moving forward.

After graduation, your relationship with Chamberlain continues on as a lifelong partnership. As a Chamberlain graduate, you receive a complimentary membership to the Chamberlain Alumni Association so that you can stay connected with our community of extraordinary nurses who are positioned to shape the future of healthcare.

As a Chamberlain Alumni Association member, you have the opportunity to take advantage of benefits designed especially for you:

- Advance your career with educational and professional resources
- Receive group-specific tuition rates for alumni for the RN to BSN, MSN, MPH and DNP degree programs
- Mentor the next generation of nurses
- Connect and network with more than 80,000* Chamberlain alumni worldwide
- Stay up to date with the latest nursing news, Chamberlain updates and alumni profiles, including receiving *The Chamberlain*, the official publication of Chamberlain University

Wishing you much success as you join the extraordinary explorers, leaders and mentors, over 94,000 students and alumni strong.**

Best regards,

Chamberlain University Alumni Association
